CJA INTERPRETER REFERENCE SHEET

When billing for out-of-court interpreting services under the Criminal Justice Act on a CJA 21 voucher, interpreter fees must be billed at the AO established rate (see chart below), or at the actual private rate charged for services, whichever is lower. Note that interpreters may not submit duplicate bills for work performed on more than one CJA representation. For example, if an interpreter furnished services during the same half-day for more than one CJA client, the entire half-day may not be billed on multiple vouchers.
